A LETTER FROM OUR FOUNDER

911 ACADEMY

To Our Partners and Future Clients,

At 911 Academy, we believe strong organizations are built by strong people - people who lead with purpose, make disciplined decisions, and perform under pressure.

For over 30 years, I have had the privilege of serving our nation, training operators, protecting diplomats, and working alongside some of the most elite teams in the world. Those experiences taught me a simple truth: the same leadership principles that save lives in high-threat environments also drive success in business, education, and everyday life.

Today, 911 Academy exists to bring those proven principles to organizations that refuse to accept mediocrity. We develop leaders. We strengthen teams. We build resilient organizations prepared to meet the challenges of today and tomorrow.

Whether you are looking to elevate your leadership team, improve organizational resilience, or prepare your people for the unexpected, we are committed to delivering world-class, results-driven solutions that create lasting impact.

We look forward to the opportunity to partner with you.

Respectfully,

Chad Talbot
